

national association of air medical communication specialists

Benefits of Program Membership

Programs sponsoring NAACS courses or sending several communication employees to courses might consider signing up for a Program Membership prior to the course:

- Program membership saves money on course registration.**
 - “Member” rates for course registration are \$45.00 less than “non-member” course rates for all NAACS courses.

- Programs can switch employees sponsored under their program membership at anytime during the year, (to accommodate staff changes), without additional cost.**
 - Example: If two communication personnel leave employment and equal number are hired to replace them, the new employees replace old ones in your program membership with no additional fees.
 - Additional employees can be added at a rate of \$35.00 per person.
 - This makes it very easy for Programs to maintain NAACS membership for their communications personnel without substantial cost.

- Programs receive an electronic invoice each year for all employees instead of individual invoices for each employee.**
 - This streamlines the invoicing system and makes payments easier to track for Programs that pay NAACS membership for their employees. The cost is \$35.00 per person, annually.

- Program members receive a beautiful framed program membership certificate that can be displayed in their office.**

- Individuals sponsored under program membership receive individual membership certificates and maintain all of their individual member rights.**
 - Membership rights include: voting privileges, running for office, and other rights outlined in the NAACS bylaws.

- Program name and link to company website appear on the NAACS Website.**
